

# GRE Psychology Subject Test: A Comprehensive Guide by Paul Volponi

The GRE Psychology Subject Test is a standardized exam designed to assess knowledge and skills in the field of psychology. It is offered by the Educational Testing Service (ETS), the same organization that administers the GRE General Test. The Psychology Subject Test is typically taken by individuals who are applying to graduate programs in psychology or related fields.

## Content of the GRE Psychology Subject Test

The GRE Psychology Subject Test covers a wide range of topics in psychology, including:

- Biological Psychology
- Cognitive Psychology
- Developmental Psychology

- Personality Psychology
- Social Psychology
- History and Systems of Psychology
- Research Methods and Statistics

Each of these topics is divided into subtopics, and the test questions are designed to cover the major concepts and theories within each subtopic.

### **Format of the GRE Psychology Subject Test**

The GRE Psychology Subject Test is a computer-based exam that consists of 200 multiple-choice questions. The test is divided into two sections, each of which contains 100 questions. The first section is a general psychology section, which covers all of the major topics in psychology. The second section is a research methods and statistics section, which focuses on the methods and techniques used in psychological research.

Each question on the GRE Psychology Subject Test is worth one point. There is no penalty for guessing, so it is in your best interest to answer every question, even if you are not sure of the answer.

### **Registration for the GRE Psychology Subject Test**

You can register for the GRE Psychology Subject Test online or by mail. The registration fee is \$150. The test is offered at testing centers throughout the world.

### **Scoring of the GRE Psychology Subject Test**

Your GRE Psychology Subject Test score will be reported on a scale of 200 to 990. The average score is 500. A score of 600 or above is considered to be good, and a score of 700 or above is considered to be excellent.

Your GRE Psychology Subject Test score will be sent to the schools that you designate when you register for the test. The schools will use your score to make decisions about your application.

### **Preparation for the GRE Psychology Subject Test**

There are several ways to prepare for the GRE Psychology Subject Test. The best way to prepare is to take a practice test and identify the areas where you need to improve. You can then focus your studies on those areas.

There are a number of commercial GRE Psychology Subject Test preparation courses available. These courses can provide you with the structure and support that you need to succeed on the test.

You can also prepare for the GRE Psychology Subject Test on your own. There are a number of study guides and practice questions available online. You can also find free practice tests on the ETS website.

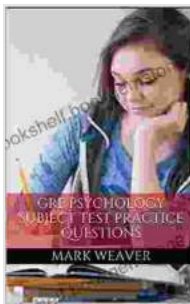

No matter how you choose to prepare for the GRE Psychology Subject Test, it is important to start studying early. The sooner you start studying, the more time you will have to master the material.

The GRE Psychology Subject Test is a challenging exam, but it is also an important one. A good score on the GRE Psychology Subject Test can help you get into the graduate program of your choice. If you are planning to

take the GRE Psychology Subject Test, I encourage you to start preparing early and to use all of the resources that are available to you.
