## What's Included in the Flash Cards?

Our Algebra Review Flash Cards cover a wide range of algebra topics relevant to the PCAT. Each card features:

\*

**Algebraic formulas and equations:** Essential formulas for solving algebraic equations and problems, including quadratic equations, polynomial functions, and logarithmic functions. \*

**Problem-solving strategies:** Step-by-step approaches to solving various types of algebra problems, from basic equations to complex word problems. \*

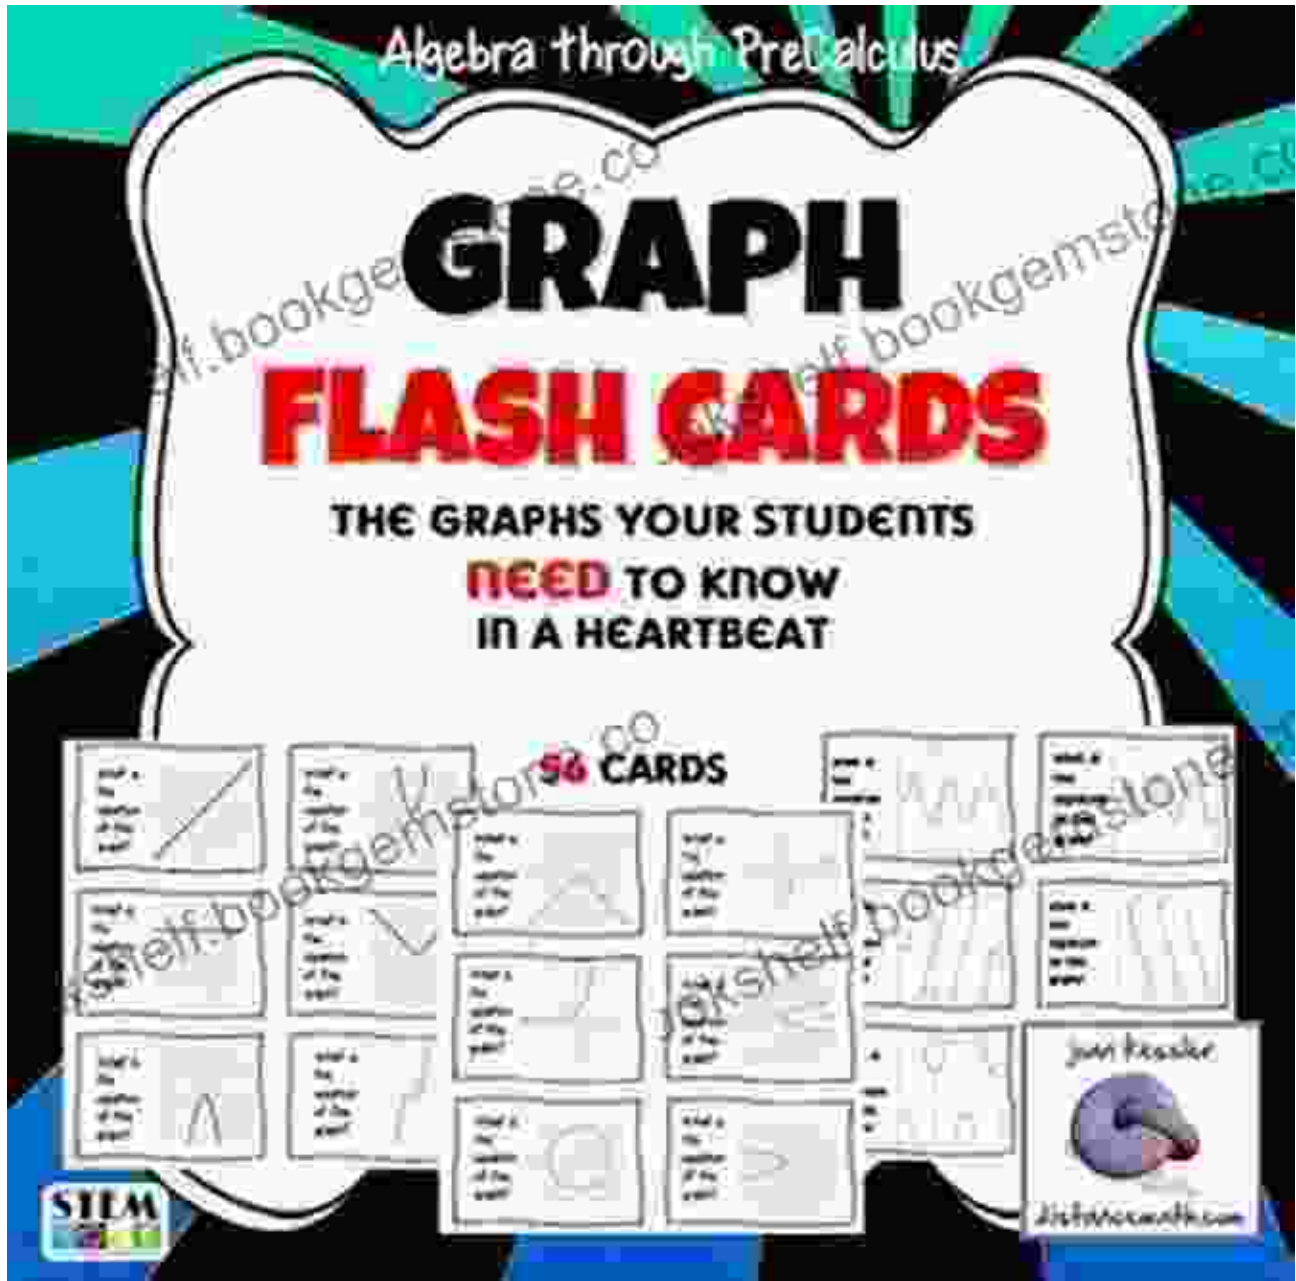

Jill needs \$4.50 for her lunch. Jill's mom gives her \$6.25. How much money does Jill have after she buys her lunch?

The teacher bought 3 boxes of pencils for her class. There were 12 pencils in each box. How many pencils did the teacher buy for her class?

Mike and Joe went on a fishing trip. Mike caught 9 fish and Joe caught twice as many fish as Mike. How many fish did the boys catch in all?

At James Middle School there are 182 5<sup>th</sup> graders and 202 6<sup>th</sup> graders. How many more 6<sup>th</sup> graders are there than 5<sup>th</sup> graders?

**Word problems:** Practice with real-world scenarios that require algebraic reasoning and problem-solving skills. \*

**Graphs and functions:** Interpretation and analysis of graphs, including linear functions, polynomial functions, and exponential functions.

### **Benefits of Using Cram Now's Flash Cards**

By utilizing Cram Now's Algebra Review Flash Cards, you can reap numerous benefits, including:

\* **Enhanced understanding:** The flash cards provide concise and clear explanations of algebra concepts, reinforcing your understanding and helping you build a strong foundation. \* **Increased confidence:** With repeated practice and exposure to a variety of algebra problems, you will gain confidence in your abilities and tackle exam questions with ease. \*

**Optimized study time:** The flash cards are designed to maximize your

study efficiency. Targeted practice on specific concepts allows you to focus your efforts and save valuable time. \* **Convenient and portable:** The flash cards are easily portable, allowing you to study anywhere, anytime.

Whether you're on the bus, waiting in line, or relaxing at home, you can squeeze in a few extra practice sessions.

## **How to Use the Flash Cards Effectively**

To make the most of Cram Now's Algebra Review Flash Cards, follow these tips:

\* **Regular review:** Consistency is key. Dedicate a specific amount of time each day to reviewing the flash cards. \* **Active recall:** As you go through the cards, actively try to recall the answers without looking at them. This helps improve your memory and retention. \* **Spacing:** Don't try to cram everything in one go. Space out your study sessions over several days or weeks to optimize learning. \* **Focus on your weaknesses:** Identify the areas where you need more practice. Spend extra time reviewing those specific topics. \* **Track your progress:** Use a notebook or app to track your understanding. Note the topics you're confident with and those that require further practice.

Cram Now's Algebra Review Flash Cards are an invaluable resource for aspiring pharmacists preparing for the PCAT. With comprehensive coverage of algebra concepts, engaging problem-solving strategies, and convenient portability, these flash cards will help you build confidence, enhance your understanding, and achieve your target score on the PCAT. Start utilizing these powerful tools today and pave the way for exam success.
