Why Use Flash Cards for Praxis Core Vocabulary?

- **Spaced repetition:** Flash cards employ the spaced repetition technique, which has been scientifically proven to improve memory retention. By reviewing the cards at increasing intervals, you can strengthen your recall and ensure that the information sticks in your long-term memory.
- **Active recall:** When using flash cards, you actively recall the information from memory, rather than passively reading it. This forces your brain to work harder, leading to better comprehension and retention.
- **Convenience:** Flash cards are portable and easy to use, allowing you to study anywhere, anytime. Whether you're commuting, waiting in line, or taking a break, you can squeeze in a few minutes of vocabulary practice.
